Discover New Packaging & Processing Solutions

If you're on the East Coast, **PACK EXPO East is the most convenient opportunity for you to explore the latest advances in packaging and processing** and connect with suppliers you don't normally get a chance to see. In fact, it's a chance for your whole team to attend without spending a lot of time or money on travel.

You won't find a more efficient way to evaluate, compare and decide on the right solution for your next project.

Bringing Innovation Close to Home

7,000
attendees sharing knowledge and solving problems

400+
exhibitors showcasing packaging and processing solutions

40+
vertical industries together creating a cross-pollination of ideas

20+
free educational sessions happening on the show floor
